Opportunity to Continue Supporting Education for Male and Female High School and University Students in Jalalabad, Afghanistan

August 31, 2022

Submitted by La Jolla Golden Triangle Rotary Club Foundation, Stephen R. Brown-President

Executive Summary

The La Jolla Golden Triangle Rotary Club Foundation (the Foundation) has been implementing various humanitarian and educational programs in Jalalabad, Afghanistan commencing in 2002 and continuing through the present time. Additional funding is sought for two of these programs as described below.

By way of background, Rotarians Fary Moini and Steve Brown traveled to Jalalabad in November of 2002 at the encouragement of Nangarhar Province Governor, Haji Din Mohammad to explore building a school for an underserved population who resides within the jurisdiction of the Nangarhar Province Office of Education. That project went forward along with many other projects over the years some of which also involved supporting various education programs for girls and boys in public high schools and at Nangarhar University. Details regarding the Foundation's activities in Afghanistan can be found on our website at: http://www.ligtrotaryclubfoundation.org/afghanistan.html

One of the educations programs the Foundation has been able to continue at the request of the Taliban is known as Afghan Youth Connect (AYC). The program was originally known as Global Connection and Exchange Program-GCEP. This program was initially funded through a grant from the US Department of State-Bureau of Educational and Cultural Affairs commencing in 2008. The grant ran for three years. Upon the expiration of that funding, additional funding has been received by various public and private sources. AYC started by providing computer training in boys classrooms and girls classrooms in five public high schools and over time has expanded to providing that training in gender segregated settings for 14 public high schools in Jalalabad. To date 29,231 students have successfully completed that training—16,417 boys and 12,814 girls. The next term for this program commences September, 2022.

The second education program the Foundation has been able to continue with the Taliban's permission is known as Teaching English Through Technology (TETT). It has been operating at Nangarhar University's Faculty of Education where future teachers learn English as a Second Language and Information Technology skills. To date **7,642** students have completed these programs successfully--**4,431 boys and 3,211** girls. The next term will start Sept., 2022.

Based on historical experience, the projected annual cost to continue these two programs is approximately \$126,000. This includes, salaries for Afghans, internet connectivity, fuel for generators when the solar energy systems we have provided are not sufficient, repairs, maintenance, supplies and indirect charges.

Details regarding these programs follow.

<u>Transition going forward for Afghan Youth Connect and Teaching English Through Technology under Taliban Government</u>

We learned on Saturday, August 15, 2021 that the previous day the Governor of Nangarhar Province surrendered to the Taliban. Accordingly, we immediately suspended AYC and TETT programs. After a few days, Dr. Khalil, the Chancellor of Nangarhar University, opened up a dialogue with the local Taliban leadership. (Dr. Khalil is well known to us having come to San Diego under a Rotary sponsored trip in 2005.) That dialogue included a visit to the TETT facility at Nangarhar University and discussions with Mr. Almas Qayoum, the Director of the Foundation's programs in Jalalabad. The local Taliban leaders, advised they were impressed with both AYC and TETT but they did not have authority to approve resumption of the programs. The Foundation desired to keep its local staff in place and thus provided continued funding for basic food supplies for the 24 Afghan staff members (males and females) who supported both programs.

In January a meeting took place in Kabul with the acting Minister of Education regarding the reopening of AYC. The Acting Minister Advised the decision to re-open could be made by the Taliban authorities in Nangarhar Province. The local Taliban contacted Program Director Almas and asked him to demonstrate support for the program. Almas then gathered support letters from school administrators, teacher, parents, village elders etc. describing the importance of AYC to the students and the community. On February 10, 2022, Almas received a written directive from the Taliban with the English translation as follows:

To AYC Program:

Please accept my warm greetings!

I would like to thank you for providing your help and support with the Nangarhar Education Department and educated the High Schools students to learn Computer and English related useful programs since 2004.

It is necessary to mention that because of the political transition since last six months the AYC computer labs are closed, and the students are unable to continue their studies.

For now, the security situation is normal therefore, students' parents, teachers, principals, and based on community elders or "Shura" members suggestions, it is required to reopen the AYC computer labs in all schools and meanwhile we need your help and support for paying our teachers' salaries, and please do not stop your assistance under such rigid and difficult circumstances.

Yours Sincerely,

Mofti Habib Hazrat (Haqani)

Director of Nangarhar Education Department

Accordingly, shortly thereafter all 14 AYC public school sites were re-opened and operated at full capacity—1990 girls and 2450 boys--total 4440.

The academic cycle for Nangarhar Province and some of the other warmer provinces runs Sept. through May. But for Kabul and the colder provinces, the academic year shuts down for the winter and reopens in March. It was anticipated that schools would open for all girls grades 7-12 on March 23, 2022. However, on March 22, the Taliban announced girls grades 7 through 12 could not re-start going to school until further notice. Director Almas then checked with the local Taliban and was advised girls were allowed to continue in the AYC program in Jalalabad.

Public universities shut down following the takeover by the Taliban. In February, 2022 the Taliban announced public universities could open for males and females with classes to be segregated by gender. Accordingly, TETT reopened with 252 females and 284 males. Later it was announced that women were required to wear burkas in public with additional restrictions on women being in public. In Nangarhar Province, these types of rules have been pretty much the norm so this did not affect AYC or TETT.

In the summer months of June through August, 2022 we have been running AYC and TETT at 50%--mornings only due to the extreme heat.

AYC and TETT activities anticipated Sept, 2022 through August, 2023

AYC will have three terms covering Sept. 2022- through August 2023. The two first terms will be 4 ½ months each and the summer term will be 3 months with the anticipated enrollment at the 14 sites as follows:

- 1st term 1156 females; 1706 males—total 2862
- 2nd term 1156 females; 1706 males—total 2862
- Summer term 608 females; 772 males—total 1338

12 month total; girls 2920; boys 4184; total 7104 (5 schools serve girls; 8 schools serve boys and 1 site serves both girls and boys in shifts)

TETT will have three terms covering Sept. 2022- through August 2023. The first two terms will be 4½ months each and the summer term will be 3 months with the anticipated enrollment at Nangarhar University Faculty of Education as follows:

- 1st term IT 220 females; 320 males—total 540
- 2nd term IT 220 females; 330 males—total 550
- Summer term IT 150 females; 120 males—total 250
- 1st and 2nd term ESL 125 females; 125 males—250 (9 month academic program)
- Summer term ESL 100 females, 100 males—total 200

12 month total TETT 815 females; 995 males—total 1810

Based on historical financial information the costs for running AYC and TETT from Sept. 2022 through August 2023 are as follows:

AYC

- Salaries \$44,325
- Supplies and Internet \$16,675
- Indirect charge \$10,000
- Contingency \$8,000

Total AYC \$79.000

TETT

- Salaries \$30,000
- Supplies and Internet \$8,000
- Indirect charge \$5,000
- Contingency \$4,000

Total TETT \$47,000

Additional Information

A description of "Social Responsibility" discussion that take place within the AYC program is attached as Appendix A.

The IT curriculum for AYC and TETT are attached as Appendix B.

The ESL curriculum for TETT is attached as Appendix C.

About the Foundation

The La Jolla Golden Triangle Rotary Club Foundation was incorporated as a not for profit corporation in 1989 and has been approved and remains in good standing as a 501(c)3 organization supporting various humanitarian and educational programs of the La Jolla Golden Triangle Rotary Club.

Appendix A

Social Responsibility Supplement

In addition to providing IT and ESL training the AYC and TETT programs have very strong emphasis in instilling social responsibility in its participants. In this regard many "extracurricular" activities and discussions are built into the AYC program. Below are some examples and illustrations.

Citizenship Responsibilities

- Stopping Child Marriage
- Participation in Elections
- Good relations with Police
- Respecting Cultures
- Developing Leadership Skills
- Respecting Diverse Cultures

Left— Stop child Marriage

Right— helping child with disability

- Assisting those with Disabilities
- Helping the Poor
- Promoting Peace through Art
- Working for Common Purposes
- Using Roleplaying to make a point
- Developing Speaking Skills

Left—US Election discussion

Right—helping poor family

Left—Good relations with police

Right—Peace through art

Annual Days of Recognition

AYC students participate in a variety of days for special recognition such as:

- International Teachers Day
- International Education Week
- International Human Rights Day
- International Day of Non-violence
- Day of the Woman
- International Day to End Violence against women
- World Environment Day
- World Smile Day
- Mother's Day & Father's Day

Above Left— World Smile Day

Above Right— International Human Rights
Day

Immediate Left—International Day--Stop Violence against Women

Internet research is done for each of the days with special presentations prepared by students for students resulting in interactive participation.

Students also discuss important health issues such as:

- Polio Eradication
- Importance of Oral Hygiene
- Importance of Hand Washing
- Environmental Cleaning
- Clean Drinking Water
- HIV/AIDs Awareness
- Health Effect of Air Pollution
- Blood Donation
- Mental Health
- Harmful Effects of Smoking

Appendix Bi

Afghan Youth Connect-AYC & Teaching English Through Technology-TETT

Four & Half Months Information and Communications Technology (ICT) Curriculum

Note: Each Month, 5 Days Are Dedicated to Social Activities & Online Communications

Introduction to Computer and Internet

Recommended for 6 days...!

1		Introduction to computer, Data, Types of Data, Information, Hardware and Software and types of Software
2	Computer	Introduction to Input, Output, communication, and Storage Devices, Memory and Types of Memory (RAM \$ ROM)
3		Processor, Mother Board, System Unite, Power supply, Printer and Scanner
4	Internet	Introduction to Internet, Network, Types of Network and Browser
5		Introduction to Website, Webpage, URL, Email and Social Media
6		Review of all the lessons and an oral Test

Curriculum for Windows

Recommended for 10 days...!

1	Windows	Introduction to windows environment: Icons, Taskbar, Start Menu, Quick Launch Area, Notification Area and Popup Menu
2		Creating Folder and other files Plus Personalization
3		User Account, Windows Firewall, Windows Defender and Windows Updates
4		Mouse, Keyboard and Taskbar
5		Power Option and Sound
6		Program and features, Region and Language Plus date and time
7		Device Manager and Device and Printer Plus Auto Play
8		Bit Locker, Network and Sharing Center

Curriculum for Microsoft Word

Recommended for 17 days...!

1		Past, Past Special, Past as Hyperlink,
2		Cut, Copy, Format Painter, Clipboard, Font section,
3	Home Ribbon	Paragraph section, Style section,
4		Find, Replace, Go to, Select
5		Cover page, Blank page, Page break, Table
6		Picture, Clip art, Shapes, Smart art, Chart, Hyperlink
7	Insert Ribbon	Bookmark, Cross-reference, Header, Footer,
8		Page Number, Text box ,Quick parts, Word art, Drop Cap,
9		Signature Line, Date & Time, Object, Equation, Symbol
10		Theme, color, fonts, effect, Page Setup (margins, orientation, size, columns,
11	Page Layout	breaks, line number, hyphenation)
12	and	Water mark, Page Color, Page Borders, Indents & Spacing
13	Design	Position, Bring to Front, send to back, Text Wrapping, Align, Group, Rotate
14		Table of Contents, add text, Update Table, Insert Foot Note, Insert End Note, Next Footnote, Show Notes
15		Insert Citation, Manage Source, Style, Bibliography, Insert Caption,
16	References	Insert Table of Figures, Update table, Cross –reference
17		Mark Entry, Insert Index, Update Index,
18		Mark Citation, Insert Table of Authorities, Update Table
19		Review and Troubleshooting

Curriculum for Microsoft Power Point

Recommended for 10 days...!

Rec	commended for 10 c	lays!
1	Office	Open, Save, Save As and Print
	Button/File	
2		Cut, Copy, Format Painter, Past,
3	Home	(Slides) New Slide, Layout
4		Reset, Delete and Format sheet
5	lacout	Table, Picture, Date, Time, Audio and Video
6	Insert	Slide Number, (Media Clip) Movie and Sound.
7		Page Setup, Slide Orientation,
8	Design	Themes, Colors, Fonts,
9		Effects and Background Styles
10		Preview, Custom Animation, Transition Slide,
11	Animation and Transition	Transition Sound, Transition Speed,
12		Apply to all, Advance Slide
13		Start Slide Show, include (From Beginning, From Current Slide, Custom Slide Show) Setup Slide
14	Slide Show	Show, Hide Slide, Record Narration, Rehears Timings, Use Rehearsed Timings, (Monitors)
15		Resolution, show Presentation one, Use Presentation View
16		Normal, Slide sorter, Notes page and Slide master
17		View Direction, Zoom, Fit to Window
18	View	New Window, Arrange All , Cascade, Move Split, Switch Windows, Macros
19		Review and Troubleshooting

Curriculum for Microsoft Excel

Recommended for 27 days...!

1		New. Open, Save , Save as Options

TETT Program English Syllabus for One Academic Year

TETT

Teaching English Through Technology, TETT, from 2012 to 2019 has helped more than 5900 students from different faculties of Nangarhar University especially from the faculty of education learn English quickly and effectively. Our goal is to prepare our students to compete, excel, and achieve in the global workplace by offering competencies in English language and computer. TETT helps strengthening your English communication skills in the classroom, and allows you time to absorb your surroundings and practice your new skills.

This program is a communicative method language school. At its heart, the communicative approach means that the teachers teach how the language is used by real people. Grammar and vocabulary are important but the students learn best when they place it in context. So, in the general English classes, students easily learn how to listen to and speak about various topics. Besides this, English instructors are encouraged to use a range of approaches in class and to incorporate elements from different methodologies where appropriate, from the lexical approach to task-based learning. Each student has their own way of understanding so a varied approach allows for every student's studying style to be catered for. In addition, this program focuses on the role of technologies in the language classroom because they inspire teachers to further explore the range of possibilities that computers with Tell Me More language software, LCD, Smart board, internet, and mobile devices bring to the field of language learning.

TETT Objectives

The objectives of Teaching English Through Technology program are enhancing English and Computer programs at Nangarhar University particularly in the Faculty of Education, giving top priority to the capacity building of the students, working as a bridge between the students and their career to empower them manage their upcoming affairs, instilling confidence and hope into students to become life-long learners, building greater confidence and proficiency in oral and written communication, developing the ability and knowledge required in order to engage in independent reflection and inquiry, using appropriate English to communicate in various social settings, equipping learners with essential language skills to question and to articulate their point of view, building competence in the different registers of English, enabling the learner to access knowledge and information through reference skills such as library, internet, and so forth, developing curiosity and creativity through extensive reading, and facilitate self-learning to enable them to become independent learners.

Tell Me More Software

TMM Objectives

The objective of Tell Me More is to provide language learners with a wide range of tools to address speaking, listening, vocabulary, grammar, sentence-level writing, and cultural awareness. The program is offered for American English (ESL). The creators of Tell Me More claim to have 2,000 hours of learning for the language that they offer. This software certainly provides an enormous range of activities for learners who want to incorporate a computer in their language learning.

Tell Me More Description

The program evaluated is the intermediate-level of the American English (ESL) software. It is divided and presented in several different formats. The first way is by "content topic". These topics are:

1.	Weather Report	7. The Housing Search
2.	The Canoe Trip	8. Visiting a House
3.	Vacation Time	9. Free Time
4.	At the Shore	10. At the Lake
5.	Arrival in New York	11. The Gas Station
6.	The East Coast	12. Buying a Car

It is also divided by "workshops":

- 1. Cultural workshops
- 2. Vocabulary workshops
- 3. Grammar workshops
- 4. Oral workshops (for speaking)
- 5. Written workshops

These workshops are divided into additional numerous "activities" that focus on different skills areas. They also include a glossary and grammar explanations. Activity types included are:

1.	Dialogue	11. Words and functions
2.	Sentence pronunciation	12. Grammar practice
3.	Word pronunciation	13. Mystery phrase
4.	Phonetics exercise	14. Crossword puzzle
5.	Picture/word association	15. Word order
6.	Word search	16. Sentence practice
7.	Word association (see Figure 1)	17. Dictation
8.	The right word	18. Text transformation

- 9. Fill-in-the-blank
- 10. Words and topics

- 19. Written expression
- 20. Video and questions
